

Maintenance & Consulting

Have you got a machine that's sluggish or running out of space? Is your DVD burner working anymore? What? Your system doesn't have a burner? Have you got multiple machines in your house, each one an island unto itself? Do you need help organizing your business processes or even your hobbies? When was the last time you backed up? Let The Computer Mensch lend you a hand.

The following are some of the many services I offer:

- Troubleshooting and repairs of misbehaving systems
- Upgrades to and installation of:
 - Operating system
 - Hard drives
 - Optical (CD/DVD) drives
 - Memory
 - Video
- Setup of automated backup systems
- Installation and setup of anti-malware security suites
- Wi-fi installation
- Peer-to-Peer and Client/Server Network setups
- Network Attached Storage (NAS) recommendations and implementation
- Analysis and recommendation of hardware and software
- Setup and training of ACT! and Microsoft Office products
